Problem Set 1

Due: 16 September 1995.

Reading for this problem set: Handout 3, "Notes on Proving Arithmetic Equations."

Reading for next week: Handout 2, "A Term Rewriting Model for Scheme, I."

Do the following problems from Handout 3:

Handout 3, Problems: 3, 4, 5, 6(c), 6(f), 10, 11.

For each problem or problem part, you may assume all the results in the preceding notes or problems. Do not be discouraged by the discussion question, Problem 11. Write a brief response in preparation for a class discussion on Monday, Sept. 16.
