DEPARTMENT OF ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

6.111 Lab Kit Signout

The components, tools, breadboard and test equipment probes/pods you'll need to complete the labs are available in a lab kit which you can check out of the Instrument Room, 38-601. This kit must be returned to the Instrument Room by 5:00pm of the Friday following the last day of classes. **You are responsible for returning all the items in the kit in working condition** and will be charged a replacement fee for missing or broken items (in particular, please take good care of the probes and pods as they are expensive!). There is a \$40 late fee if we have already charged your bursar's account when the kit is finally returned. Note that the Bursar's office charges an additional \$5 fee for charges of \$10 or less. All additional components signed out at project time must be returned at the same time as the lab kits.

Contents of the Lab Kit (replacement costs shown in italics):

(2) 74LS00	(1) 1.8432 MHz oscillator	(1) wire strippers (<i>\$11</i>)
(1) 74HC00	(1) 7-segment LCD display	(1) IC extraction tool (<i>\$6</i>)
(1) 74LS04	(1) dip switch	(1) long nose pliers (<i>\$16</i>)
(1) 74LS74	(1) 10-pin header strip	(1) diagonal cutters (<i>\$16</i>)
(2) 74LS163	(1) protoboard (<i>\$25</i>)	(2) scope probes (<i>\$80 each</i>)
(1) 74LS393		(2) 8-pin analyzer pods (<i>\$250 each</i>)

To check out a lab kit please complete the information below and bring this form to the Instrument Room, 38-601, during normal business hours.
