

RSS: Expectations for Lab Briefings

- ## The basics
- 5 briefings on lab due dates through April 4
 - 8 minutes to present (less in future weeks)
 - Additional 3 minutes for Q&A
 - 5-10 slides total
 - Images, plots, and videos (per lab notes)
 - Appropriate appearance, body language

- ## Briefing should cover:
- | | |
|---|---|
| <ul style="list-style-type: none">• Project statement• Lab goals/objectives• Technical approach• Results• Lessons learned | <ul style="list-style-type: none">• What was the problem we were addressing?• What did we achieve? |
|---|---|

- ## Briefing should cover:
- | | |
|---|---|
| <ul style="list-style-type: none">• Project statement• Lab goals/objectives• Technical approach• Results• Lessons learned | <ul style="list-style-type: none">• What were the goals of the lab?• Did we meet the goals?• How did we address the lab objectives? |
|---|---|

Briefing should cover:

- Project statement
 - Lab goals/objectives
 - Technical approach
 - Results
 - Lessons learned
- How did we conduct our investigation?
 - What decisions did we make?
 - What was our process?

Briefing should cover:

- Project statement
 - Lab goals/objectives
 - Technical approach
 - Results
 - Lessons learned
- What are our most important results?
 - What do our plots say?
 - What does our video show?

Briefing should cover:

- Project statement
 - Lab goals/objectives
 - Technical approach
 - Results
 - Lessons learned
- What patterns emerged in our problem solving?
 - What did we discover?
 - What didn't work?
 - How could the RSS staff improve the lab?

**Prepare well.
Engage your audience.
If you have questions,
please ask.**
