Homework 5

Homework rules:

- Homeworks are due one week after they are handed out, unless otherwise specified. *No late homeworks accepted!*
- Feel free to talk to other members of the class in doing your homework. I'm more concerned that you learn how to solve the problem, than that you demonstrate that you solved it entirely on your own. You should, however, write up your solution yourself. Please try to keep solutions brief and clear. You may refer to the literature, but do not refer to handouts from previous years' classes (in case I repeat some problems from previous years).

Due Wednesday, October 19

Problem 1.

Do Problem 3.5 from the Kearns/Vazirani text.

Problem 2.

Do Problem 3.6 from the Kearns/Vazirani text.
