- How are *we* doing in the class so far?
  
- How can we improve lectures? How can we improve recitations?
  
- The pace of the class is:      too slow    ...    just right    ...    too fast
  
- Is there any material you've especially liked or disliked? (Please indicate whether you like or dislike it.)
  
- What point or idea from the last week is most *unclear* to you?
  
- What else could we improve? Any other comments?
