Updated Quiz Information

We have decided to move the quiz later by one week so that the we can cover recurrences first; then the material for the quiz will better fit together. There *will* be lecture next Tuesday, March 1, but *not* on March 8, the day before the quiz. We will be available for questions during class hours on March 8.

As a result, the second quiz will also be moved later, most probably by two weeks, to April 20. There *will* be lecture on April 5.

When: Wednesday, March 9, 1994 at 7:00–9:00 P.M.

Where: Rooms 4–145 and 4–153 (go to either).

No lecture: There will be no lecture the day before the quiz, March 8. (There *will* be lecture next Tuesday, March 1.)

Crib sheet: The quiz is *closed book*. You may, however, bring *one* handwritten $8\frac{1}{2}'' \times 11''$ sheet of paper as a crib sheet. Preparing a crib sheet can be a useful study aid, so take time in selecting material for it. You may use both sides of the paper and write as small as you like, but in any case, you are allowed only *one* sheet.

Material covered: You are responsible for material covered in lecture and problem sets before the quiz (through March 7), in particular the two lectures next week on recurrences and Problem Set 5. You are also responsible for the material assigned as readings.

Problem Set 5: Because there is no lecture March 8, both the oral and written parts of Problem set 5 will be due in tutorial Monday, March 7. Graded problem sets will be available for you to pick up from the course secretary, Cheryl Patton, in NE43–201 between 3:00 and 5:00 P.M. on Tuesday, March 8.

Conflicts: If you are unable to attend the quiz at the scheduled time, please talk to your TA in advance.
